## ORLANDO'S CABINET QUILTS--MAY DELAY SIGNING OF TREATY

### ITALIAN CABINET CRISIS MAY DELAY TREATY SIGNING

New Delegates Must Be Appointed if Orlando Withdraws.

### SPEECH OF PREMIER ARROUSES IRE OF ITALIAN DEPUTIES

Urges Italians to Keep Faith With Allies and Starts Opposition.

Paris, Thursday, June 19.—The resignation of Premier Orlando's cabinet should the king of Italy decide to accept it, was, according to conference delegates, put in the indefinite postponement of the settlement of the Adriatic question, as it would involve the appointment of a new set of Italian delegates to the peace conference. This raises an additional question as to who will sign the German treaty for Italy on Monday.

"Remain faithful to our duties toward the allies," was a message in the address of Premier Orlando today which turned the tide against the premier and resulted in the adverse vote which had its sequel in the resignation of the Orlando cabinet.

The premier's words aroused the anger and hostility of the deputies, several shouting across the chamber at the government bench from which the premier was speaking. There was a great tumult and cries of: "The allies have never been faithful to us." Why should we be faithful to them?"

Signor Orlando's fateful address stirred the deputies that the remainder of his speech received but little attention. The intransigent socialists, led by Deputy Modigliani, were especially violent, while the discontent of the others was voiced by Francesco Nitti, former minister of treasury.

### BIG CENTENARY IS NOW UNDER WAY

World Exposition Arranged By Methodists Opens In Columbus With Parade and Ceremony.

Columbus, June 20.—With thousands of Methodists present from practically the entire world the Methodist centenary exposition was formally opened today by Assistant Secretary of State Polk in Washington. On receipt of the special wire from the assistant secretary of state, "Miss Centenary" pulled a chord which released the flags covering the main entrance gate to the state fair grounds where the big exhibition will continue until July 12.

The opening ceremonies were in the hands of Columbus residents. Denominational lines were forgotten and business men of every religious faith participated. Centenary officials were conducted to the exposition grounds in automobiles forming a long parade.

Each of the exhibit halls, where elaborate displays from every country on earth have been arranged, were unlocked by "Miss Centenary" and "Christopher Columbus." This ceremony was followed by a brief one in the coliseum where Mayor George J. Karp welcomed Methodists "to good old Columbus town."

### THREATENED RAID BY VILLA IS NOT MADE

Galena, Texas, June 20.—Reports from American outposts here yesterday said everything was quiet along the line and no Villa activities had been noticed. In the "island" or near Guadalupe, where 70 Villa men were seen late Wednesday, the camp fires of the Villa band could be seen all night and the American patrols watched the border closely to prevent a raid into the United States by the rebels.

As soon as the Villa band was reported to the border patrol base here, additional troops were sent here from Fort Bliss by motor trucks and were put into positions along the river to repel the possible invasion.

### 150 DIE IN MOVIE FIRE IN PORTO RICA

Puerto Rico, Porto Rico, June 20.—One hundred and fifty persons, including many children, are reported killed or injured in the destruction by fire last night of a motion picture theatre at Mayaguez. The bodies of 27 unidentified were recovered from the ruins to day.

### ITALIAN PRIESTS ON STRIKE; DEMAND RELIEF FROM HIGH COST OF LIVING

(ASSOCIATED PRESS TELEGRAM)

Rome, June 19.—A strike of priests, which is without precedent, has just occurred at Loreto, a celebrated resort of pilgrims, whither, according to legend, the house of the Virgin of Nazareth was miraculously transported by angels in the year 1294. The priests asked for an amelioration of their financial condition, owing to the high cost of living, and when their claims were not granted they stopped celebrating masses and performing other religious duties. Monsignor Andreoli, bishop of Recanati, in whose diocese Loreto is located, is intervening personally in persuading the priests to resume their duties, promising to do everything possible to satisfy their desires.

### BRAZILIAN PRESIDENT, SOON TO VISIT U.S., RECEIVES HONORS AT THE VATICAN

President and Mrs. Pessoa (right foreground) at the Vatican.

President-elect of Brazil Epitacio Pessoa and Madame Pessoa were recently received at the Vatican in Rome with all honor and the photograph was taken on this occasion. During their stay at the Italian capital, while touring Europe, the distinguished Brazilians were entertained by the king and queen of Italy. They are now on their way to America, where they expect to arrive within a few days.

### HOSPITAL WILL NOT BE ERECTED 'TIL NEXT YEAR

Commissioners of Three Counties In Session on Thursday Believe Prospects Look Good For Institution.

There is still a prospect that the inter-county tuberculosis hospital may be erected, but not this year. At a meeting of boards of commissioners held in this city yesterday three counties were represented, Coshocton, Perry and Licking. It is necessary to have two other counties in order that the burden of expense may be lighter and to insure the institution in case of failure.

Each of the exhibit halls, where elaborate displays from every country on earth have been arranged, were unlocked by "Miss Centenary" and "Christopher Columbus." This ceremony was followed by a brief one in the coliseum where Mayor George J. Karp welcomed Methodists "to good old Columbus town."

The building of the inter-county tuberculosis hospital will not be erected in one year. The reason for holding off an orderly construction is the belief that the front committee would be greatly increased.

This does not include the money which must be paid for the land, which does not include the first fifteen or twenty years.

### LITTLE PROSPECT OF SETTLEMENT OF PHONE STRIKE

Company Announces Little Increase In Number of Phones In Trouble During Last 24 Hours.

There is nothing new in the situation regarding the strike of the men of the Newark Telephone company. Manager Charles Hollander stated today that they were getting along exceedingly well under the circumstances and that but very few phones had gone out of commission in the last 24 hours.

There is no way to take care of the trouble as the company has no men working and there are no other electricians in the city except those belonging to the International Association of Electrical Workers. It is impossible to secure assistance of help from outside.

Manager Hollander reiterated that it was impossible to get men in the community to work on the strike because the company had not increased its rates for the period of the strike. The contract is up in November and the company is not yet ready to make a new one.

With a force of airplanes here, it was expected something like this would be undertaken. The flight was started yesterday by Major Eben Tobin, having located a small number of men supposed to be Villa adherents.

Proposed Settlement of Vexing Problem Is Plan of Council.

### THREE LEADERS MEET TODAY TO DISCUSS ITALIAN CRISIS

German Situation Also Comes In For Its Share of Attention.

(ASSOCIATED PRESS TELEGRAM)

Paris, June 20.—The Italian delegates to the peace conference has been directed from Rome to accept the proposition for the settlement of the Dalmatian controversy made by Premiers Orlando, Lloyd George and President Wilson, according to the Paris office of Reuters, Limited.

The council of three, composed of Premiers Lloyd George and Clemenceau, and President Wilson, met this afternoon and it is understood discussed the German situation and the Italian cabinet crisis.

### MEXICO SENDS TROOPS TO PROTECT MORMONS

El Paso, Tex., June 20.—With Mexican federal troops moving into Coahuila, the Mormon colonies near Ciudad Grande, today were well on their way in that direction.

On the American side of the border, military dispositions remained much as they were yesterday. Scattered bands of Villa men have been reported from various points along the border, but little importance is attached to their appearance as it is not thought they are acting according to any prearranged plan, but merely as stragglers from Villa's command dispersed by American troops earlier in the week.

### DRYS TO ARREST ON REFERENDUM

Will Ask Higher Courts to Pass on Decision of Columbus Judge on Amendment Fight.

(ASSOCIATED PRESS TELEGRAM)

Columbus, June 20.—Dry leaders today were preparing to carry their fight to prevent a referendum on the federal prohibition amendment to the higher courts in an attempt to obtain reversal of the decision rendered yesterday by Common Pleas Judge E. B. Dillon in the suit brought by George S. Hawley of Cincinnati, to prevent the secretary of state from accepting a referendum petition. Judge Dillon held that a referendum on the amendment is permissible.

Judge A. White, president of the anti-temperance league, stated today that the case will be appealed forthwith. He said it is probable it will be decided by the supreme court of the United States. Judge Dillon's decision also would permit a referendum on the federal woman suffrage amendment.

White declared that the decision of the state supreme court in holding that the state liquor license board and county boards went out of office May 27 when the state prohibition amendment became operative sustained the contention of the drys that there is no machinery to enforce prohibition.

While the court only announced its decision as to whether the offices of liquor license commissioners were abolished, White said he hoped the court would pass upon the question of whether pending sections of the license law still are in effect in its written decision.

Up to noon there was no official confirmation of the report that Herr Noske was forming a government.

It is understood here that the fall of the Scheidemann government in Germany has been learned from authentic sources. Count von Brockdorff-Rantzau, the foreign minister, and Philipp Scheidemann, the chancellor, with a few others, will resign because they will not sign the treaty.

French official information on the German situation is to the same general effect as that received by the American delegation—namely, that the Scheidemann-Ebert regime has collapsed. The French advices carry the impression that the national assembly is favorable to the signing of the treaty.

WOULDN'T SIGN TREATY

London, Thursday, June 19.—The German cabinet will fall to-night, it is learned from authentic sources. Count von Brockdorff-Rantzau, the foreign minister, and Philipp Scheidemann, the chancellor, with a few others, will resign because they will not sign the treaty.

### WIRELESS MESSAGE SAYS STORIES OF GOVERNMENT COLLAPSE PREMATURE

Paris Learns That Scheideman Government Falls and That Gustav Noske Probably Will Form New Cabinet —News Causes Little Surprise at Washington.

London, June 20.—The signing of the peace treaty by Germany, an Exchange Telegraph dispatch from Copenhagen quoting advices from Weimar says, is as certain as if the signatures had already been put to the document.

### ADVICES CONFIRMED AT COBLENZ

Paris, June 20.—The Scheidemann government in Germany has fallen, it was learned here today. News of the event reported during the morning was confirmed later by military advisers through Coblenz from both Weimar and Berlin.

The downfall of the Scheidemann government was made known to the American delegation to the peace conference. It is believed to assure the signing of the peace treaty by Germany, as Philipp Scheidemann, the premier, was understood to be the chief opponent to acceptance of the revised peace terms.

The early reports stated that Gustav Noske, the minister of defense, was forming a cabinet to succeed the outgoing government.

Previous advices had indicated that four members of the Scheidemann cabinet were insisting upon the signing of the treaty and it is presumed here that this caused the fall of the ministry.

Up to noon there was no official confirmation of the report that Herr Noske was forming a government.

It is understood here that the fall of the Scheidemann government entails the fall also of President Ebert. The national assembly probably will take measures to select a successor to President Ebert.

### ERZEBERGER TO HEAD PEACE PARTY

Coblenz, June 20.—Gustav Noske, the minister of defense, will succeed Philipp Scheidemann as head of the German ministry, according to a Weimar dispatch received here today. Mathias Erzberger of the German armistice commission, will succeed Count von Brockdorff-Rantzau as foreign secretary, the message adds.

### GERMANS ASK MORE TIME?

Paris, June 20.—It is reported here that the Germans have asked for a further extension of the time-limit within which to act on the peace treaty.

### SAYS REPORTS ARE PREMATURE

Paris, June 20.—All reports concerning changes in the German cabinet are premature, says an official German wireless message, sent from Nauen at 1 o'clock this afternoon.

Division among the parties have prevented the national assembly forming a majority coalition in favor of accepting the peace terms, the message adds.

"The national assembly at Weimar tried to constitute a majority in favor of signing the peace treaty. That was impossible because of the division among the parties."

"All news regarding changes in the cabinet is premature."

**Alkali in Shampoos  
Bad For Washing Hair**

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

**NEWARK WOMEN SELL \$106,250  
WORTH OF WAR SAVINGS STAMPS;  
LET'S WIN THE VICTORY SHAFT.**

The women of Licking county are congratulating themselves upon the splendid result of their effort.

After a short canvass in Newark, the six division leaders at a meeting in Teal Hall last night reported War Savings Stamp pledges amounting to \$106,250—a wonderful record considering the weather conditions, the comparatively small number engaged in the work and the fact that additional workers are to many of the solicitors. The fact is that the results of the women's campaign are better than the results obtained in a drive made by the men prior to the general county drive last summer. The women have reason to congratulate themselves upon their splendid effort.

In calling the meeting to order Mrs. Ernest T. Johnson, county chairman of the Women's Division announced that the organization of the women in the township is progressing nicely and that the drive for W. S. S. sales in the villages and townships will take place just as soon as each township organization is perfected. The Grand total won over yesterday afternoon at the meeting was \$106,250.

Success in the W. S. S. campaign means that Licking county will rank 100 per cent in war work. This is the last war job. It means more than that as it should result in bringing to this county that \$10,000 Victory granite shaft that goes to the county selling the largest percentage of its W. S. S. quota in June, July and August. Licking county has a splendid chance to win. At present the race lies among five Ohio counties of which Licking is one. All who signed pledges are urged to buy their stamps now or as soon as they can. No purchases made after September 1, will count in the Victory shaft contest.

The W. S. S. concert given upon the public square and in East Newark last night by Mrs. Chandler Tucker and her chorus was enjoyed by large crowds. Miss Whittemore, a Red Cross nurse just home from France, and Mr. E. S. Randolph recently returned from foreign Y. M. C. A. service were the speakers. The trucks were furnished by J. Gieschauf and the Licking Creamery company, the piano by C. J. Yockey. Tonight the high school orchestra will give the outdoors program and tomorrow night an organization of colored men will furnish the music in the interest of the Women's W. S. S. drive.

Licking county women are making a great success of their campaign. They still need much help. Buy W. S. S. now, help the county to win and to bring to this community that \$10,000 prize.

**TO THE GENERAL  
PUBLIC AND PHONE  
SUBSCRIBERS**

We, the undersigned, members of council, city attorneys and administrative officers of the city of Newark, desire to place before you the city's position relative to the controversy between Local Union 172, I. B. E. W., and the Newark Telephone company, regarding the wage-increase demanded in the yearly wage-settlement by the Electrical Workers' Union. We are anxious in our belief that the electrical workers are entitled to the increase demanded by them. We are also unanimous in our belief that this is not merely a local trouble as the demand is universal over the United States.

We spent three hours in going over the case, discussing it from every phase and angle, and we are unable to find any way in which the city of Newark can justly interfere in the matter as it is purely a question between the Newark Telephone company and Local Union 172, I. B. E. W. The relief asked for by the Newark Telephone company, there are already receiving through the rate granted by Mr. Burleson, and confirmed by the United States supreme court and the supreme court of the state of Ohio; therefore, the Newark Telephone company is receiving the very same rate as is asking council to grant, and over which council has no jurisdiction or authority, and which the city solicitor with his assistants in the telephone litigation, inform council they have no right to grant as it would be illegal, the contract is a vested right of the people entered into in September, 1909, for a period of 21 years, there is yet 12 years to run, and the contract cannot be changed by council any more than council could give away a piece of real estate belonging to the city, and yet this is what the telephone company insists that council do.

We also are firm in our belief that Local Union 172, I. B. E. W. is absolutely innocent of any collusion with the company in matters of the wage increase agreed on April 1, 1915, and have been unable to get another wage agreement with the company owing to the fact that the company was under the supervision of the postoffice department of the United States government.

Therefore, we feel, as the company is receiving the amount necessary to pay the increase demanded by the worker, that in justice to the many subscribers in this city the situation should be cleared up at once, and the city and telephone patrons relieved of all anxiety and trouble.

Total pledges to June 19, ..... \$106,250

These figures were a delightful surprise to the workers themselves. The results show that the women can do things just as well as the men if they go about it in organized fashion.

At the beginning of the drive the sum of \$675,000 was needed to complete the county quota.

The pledges obtained in the Newark women mark an important advance, but a considerable sum remains before the county quota is reached.

The village and country women may be depended upon to duplicate the good work done in Newark and then a sharp drive in July should bring the victory that is desired.

## THIS PRETTY GIRL WHO DEFIES AGE USES HOWARD'S BUTTERMILK CREAM TO BEAUTIFY HER COMPLEXION

Tells T. J. Evans, W. A. Kerman, Mr. Krantz Co., and all good drug and department stores to take advantage of this wonderful cream quickly now, and you'll be amazed at the decided improvement.

Try it today at our expense.

The first application of Howard's Buttermilk Cream will astound you.

The most wonderful thing about it is the fact that it turns the dullest, most lifeless complexion to radiant beauty and makes red and rough skin or arms smooth and white yet this is not the slightest side effect of its use after application. It is truly marvelous, from night and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter where you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crow's feet or lines around the mouth, dark finger nail, or a simple roundness on the face, or when you are troubled with acne or any other skin trouble, use Howard's Buttermilk Cream.

To prove its value, send us a small quantity today.

## FINAL WORD TO GERMANY.

(Pittsburgh Gazette Times.) Two incidents appear as promise to the hope that the amended peace treaty handed to the enemy on Monday is the Victor's final word on the subject of terms. One was the "covering letter" of Premier Clemenceau; the other the announcement that the complete text of the treaty will be distributed for publication tomorrow.

On the Clemenceau letter it may be said that it leaves no loophole of retreat for the allied and associated governments commissioners that would not be stultifying to themselves and base betrayal of the peoples they represent. It constitutes the sharpest indictment of Germany and the Germans that has been formally read to the enemy; it sets forth their criminal acts before the world with a candor that should silence any others. So far from admitting the justice of any of their claims to leniency or to partnership with decency in any undertaking, it impresses the fact that it is utterly impossible to impose punishment commensurate with Germany's offenses. Severe as the terms may appear to Germany, they are in reality so mild that the great criminal nation escapes in large degree its just deserts. If any of the members of the peace conference should be attempted to concede something further to the enemy let him re-read the Clemenceau letter. It should stiffen his backbone.

With the full text of the treaty given to the world as a complete document the time for amendment has gone by. The theory of suppression heretofore has been that the treaty was still in state of negotiation. Let its relatives third here to the German government to the command to "accept or reject" means exactly that. As they construe this action and the Clemenceau letter we shall get a true measure of their vaunted superrative psychology.

## BERNSTORFF'S CRIMES.

(Ohio State Journal) Sentiment in favor of bringing former German Ambassador von Bernstorff back to this country to answer in court for his numerous offenses against this country will not be weak, and by the developments coming from the papers now in the hands of the Senate investigating committee at Washington. That this official apparently engaged in criminal conspiracy against the lives and property of American citizens seems to be abundantly shown in developments already made public. Whether he may be brought back for trial or not, he will stand in public estimation as convicted of the most gross misconduct ever shown by a diplomatic accredited to this country. There would be only simple justice if he were made to stand in court and face his infamous record.

The bomb throwers are having to run for their lives, but they are likely to get chance to sit down in the electric chair before long.

The ball players are occasionally suspended for fighting, but the management don't refuse the money of the crowd that ticks the umpire.

As there are 50,000 words in the peace treaty, it will fill more than one waste basket when the Germans convert it into scraps of paper.

Now if some folks would work six days a week and talk only one instead of working one day and taking six things would tend to settle down a lot.

Shark Monroe.

Fancy William S. Hart, as of "Hell's Trail," "The Great Man," "The Northern Trail" and other vigorous photoplays with which his fame is建立ly associated, as the most virile performer of Western roles, as a sea rover—the ferocious skipper of a sealing schooner plying between Seattle and Alaskan ports. These characteristics are antipodal, but the genius of "Big Bill" remains unbound as is evidenced in his latest photoplay picture, "Shark Monroe," now being shown at the Auditorium theatre.

It was during the filming of the ocean scenes of "Shark Monroe" that

human shark, but when a beautiful, winsome-faced girl comes into his life, his cruelty changes to courage and the shark fights hard to win her love. The shark plays the role of two places—Seattle and aboard "The Gulf," while the succeeding scenes show the Great White Gold Trail of Alaska.

Monroe happens to enter the Water Front saloon in Seattle just before his ship leaves for Skagway. There he meets Marjorie Hilton, a beautiful girl from the east, and her drunken brother. They are on their way to Alaska, but the brother has squandered his money. Shark takes them on his ship and the brother agrees to work to defray the expense of their passage. The broth-

THOMAS H. INCE presents  
WILLIAM S. HART in "Shark Monroe"

A MARCHANT Picture

Mr. Hart and his company were caught in a severe storm at sea and for two days the little schooner was tossed about by gigantic waves, causing the supporting company no little terror and annoyance. Many of the players suffered from seasickness, but Mr. Hart found the storm period one of much needed rest, and he later admitted that while he sympathized heartily with his people, he himself enjoyed the experience greatly.

In the new picture, Mr. Hart performs a thrilling feat when he saves a drowning man from death by climbing out to the end of a bowsprit which is submerged in gigantic seas time and again. A less vigorous man than Mr. Hart might have found this feat a terrifying one, but to him it was only "part of the game" and interesting rather than alarming, on that account.

Shark Monroe is a remarkable character, and will in all probability go down in the history of the screen as one of Mr. Hart's greatest dramatic portraits. It is an extraordinarily vivid and human story that C. Gardner Sullivan has evolved in this epic of the seas and northern snows, and Mr. Hart realizes completely the possibilities of the story. He plays the part of "Shark Monroe," master of the sealing schooner, "The Gulf." Hart tales had been told of the daring and cruelty of this

character by Joe August. Paths News is also seen and the engagement runs over Saturday.

## Pretty Smooth

It is a well-known fact that the underworld has a language all of its own; that its inhabitants, representing the lower strata of society, have a slang that is often unintelligible to the members of the upper strata.

The arch portrayer of feminine crook roles, the adorable vixen of the Auditorium Sunday, in Bayard Veiller's famous drama of the underworld, "Pretty Smooth," just produced by Universal. She gives to the world herewith her tabloid dictionary of "crook slang" compiled through many weeks spent in portraying underworld parts:

Baby-snatcher, kidnapper; booby-hatch, a "baytown" jail or insane asylum, synonymous to crookdom; brass knuckles, the thug's alternative for driving home a stake; bug, a plainclothes policeman; bungo, any policeman; coop, a cell; cover, money; cush, money; dip, pickpocket; fence, a purchaser of stolen goods; get, revolver; harness, hull, uniformed officer; hop-o-pom; ice, diamonds; Jimmy, lock-breaking tool, instrument for house-entering; knock-out drops, chloral, used in liquid to subdue temporarily; of victim; moll, a crook's sweetheart; snow, nitroglycerine for blowing safe; shot, to be "shot" is to have one's "mug" recorded for the rogues' gallery; stalker, a decoy; stoolie, the underworld spy skirt, the crook's consort in his "skirt"; sit, to be in prison; stretch, "do" long time, length of sentence; stow, to leave; stratum, of underworld society; up the river, first used to designate Sing Sing on the Hudson river, now means any penitentiary; watch, the crook's periscope; yeast, the "scientific" of the "midnight profession."

## The End of the Road

Coming to the Auditorium next Monday for 3 days and played by request of the United States Public Health Service will be "The End of the Road." This is an extraordinary motion picture prepared for the War Department Commission on Training Camp Activities

and "in some" in prison; stretch, "do" long time, length of sentence; stow, to leave; stratum, of underworld society; up the river, first used to designate Sing Sing on the Hudson river, now means any penitentiary; watch, the crook's periscope; yeast, the "scientific" of the "midnight profession."

girl comes to hate Shark for his stern ways, though Shark is really trying to arouse the dormant manhood in the lad. Shark is gradually falling in love with Marjorie.

In Alaska, Marjorie and her brother leave the ship, and Shark follows them later, fearing harm will come to Marjorie. He finds them in the little frontier town of Balsam, where they have both fallen into the hands of "Big" Baxter, a "buzzard of the north." In a dramatic scene Shark rescues Marjorie, although he does not thank her for it, because she does not know how important it is for her own welfare. Dramatic events follow swiftly and finally the girl from the east comes to love the man of the sea, and they are united.

The story is unfolded skilfully, and Mr. Hart, who also directed the picture, has given us some charming sea scenes, as well as some extraordinary scenes in the Great White North. The storm scene on the schooner, where Shark Monroe rescues Webster Hilton from a perilous position, is a wonderful piece of dramatic photography.

The beautiful Katherine MacDonald does some unforgettable bits of acting as Marjorie Hilton and Joe Singleton as "Big" Baxter, handles his role skillfully. George McDaniel appears as Webster Hilton and Berthold Sprock is excellent as O'Brien McNally. The photo-

grapher is by Joe August. Paths News is also seen and the engagement runs over Saturday.

**Auditorium-Alhambra Notes.**

"Woman," the real sensation of the year, Maurice Tourneur's screen masterpiece, a photoplay of splendor, feminine loveliness and thrills. The most daring innovation in the history of photodrama since the beginning of time comes to The Auditorium for 3 days, beginning next Thursday.

This feature, wherever screened, has broken all records and no doubt will draw capacity crowds to The Auditorium during the showings next week.

Irving Cummings, noted screen star, known to Newark locally, comes to The Auditorium next Monday and Tuesday, playing a prominent role in "Her Royal Honor," in which Florence Reed is the star. Others in the cast are Robert Frazer, Alec Francis, Marie Rousson.

In the cast of "Shark Monroe," besides the star William S. Hart, are seen Katherine MacDonald, clever Thomas Ince star, Joe Singleton, Bert Eddie Sprock, George McDaniel and others. This great northwest Alaskan story and is shown at The Auditorium today and tomorrow.

"Birds and Flowers," the Prizma subject at The Alhambra today is said to be beautiful, showing the natural colors

inasmuch as one of the most terrible and socially vital results of sexual

HER CODE OF HONOR

misconduct is sexual disease. Today this has been admirably stressed through some recent films. The lesson the effort has been to make disease appear to be as it actually is in life, the often inevitable price of loose living, ignorance, thoughtlessness and irresponsibility. Heathen of the most striking sort is used in this picture. Some clinical cases shown, for example were photographed in the women's wards of Blackwell's Island, New York.

## ALHAMBRA

Madge Kennedy has become an adept at merrymaking on the water. Those who saw the petite Goldwyn star in "The Kingdom of Youth," one of her more recent successes, will remember the many side-splitting scenes on a yacht which the artiste dominated. And it's on a ship—a galleon of the Mediterranean, three-decker type—that Madge Kennedy made merry in her latest Goldwyn picture, "Day Dreams," by Cosmo Hamilton, which comes to the Alhambra theatre today.

Madge Kennedy is Primrose, a goose girl, whose obsession is that some day she will find a man who will take her to his castle over the sea. In a village close by lives George Graham, a man of wealth, who loves Primrose, but she spurns his offer of marriage with "I can never marry you. I would be untrue to my knight." To awaken her from her dream Graham induces Dan O'Hara to play the part of her white knight. To save a brother from prosecution at the hands of Graham, Dan is compelled to accept the repellent task.

Prizma, also a comedy is an added feature.

## The Parisian Tigress

Viola Dana, the vivacious and winsome Metro star, will be seen in a role of power and attraction in "The Parisian Tigress," which will be shown at the Alhambra theatre on Sunday next.

She plays the part of Jeanne a child of the gutter, who is compelled by a young Apache to dance for his gains in the cafes of the Parisian Latin Quarter. From this life of the slums she is suddenly transplanted to the luxurious and fashionable home of titled aristocrats, where she rightfully belongs by birth. A romance of rare charm is added to the many adventures which Jeanne undergoes in this play one of unusual value and entertainment.

The clever cast supporting Miss Dana is barrel Foss, Henry Kolker, Edward Connolly, Clarisse Selwynne, Louis D'Arcais, Paul Weigel, Mitzi Good, Stoddard and Mares Beaudet. Herbert Blache directed the play and the production was made under the personal

## Union Labor Strangles Bolshevism

"FOR THE FIRST TIME IN MANY YEARS THE EXTREME RADICAL GROUPS WHICH HAVE ALWAYS CONTRIBUTED THE MOST NOISE AND A GREAT DEAL OF MISCHIEF, PITCH THEIR SONGS IN A SUBDUED KEY," ACCORDING TO THE NEW YORK WORLD CORRESPONDENT AT THE AMERICAN FEDERATION OF LABOR CONVENTION AT ATLANTIC CITY.

WHILE A BUFFALO EDITOR DECLARIES THAT EVERY DAY SOME NEW STRIKE, OR BOMB EXPLOSION, OR RED FLAG WAVING IN THIS COUNTRY OR CANADA CON-

FIRMS HIS BELIEF THAT "UNION LABOR IS IN THE HANDS OF UNSCRUPULOUS MEN WHOSE POLITICAL, SOCIAL, AND ECONOMIC PRINCIPLES STAND ON ALL FOORS WITH THOSE OF LENINE AND TROTZKY." THE EVIDENCES OF CONSERVATISM AT THE CONVENTION ARE MANY. ### THE PEOPLE WHO

### READ "THE DIGEST"

The best test of any periodical is the class of its readers. Character in a magazine or a newspaper attracts men and women of standing and judgment as inevitably as a flower draws the bee, and for the same reason. It suits their taste. Glance around you in the train, on the street cars, in hotel-lobbies, wherever your fellow-humans congregate, and note the people who read

The Literary Digest. They are the best type. They buy The Digest because they know it is accurate, impartial, wholesome, comprehensive, and up-to-date, because they can take it home to their children with confidence, and because it covers the world's news as no other periodical does. Are you with them?

### POLISHED MONUMENTS

Visit any cemetery and examine the polished monuments. You will find them varying in gloss and the permanency of the color. Even the finest quality of granite is easily ruined by being buried in the polishing process. Getting a "quick clean" to save a few dollars means the use of an excessive amount of heat, which in a few years of exposure turns the color of the granite and ruins the polish.

Visit our show room before ordering your work and learn more of the benefit you derive from careful buying.

### NUN DELEGATION IS UNITED IN OPPOSITION

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Wednesday, June 19.—The German peace delegation is one in bucking now. Count von Brockdorff-Banzau in his opposition to signing the peace conditions, according to the correspondents of Berlin newspapers at Weimar.

A memorial proposed by the delegates on the train from Versailles demand rejection of the terms. The "howl" tenor of the reply, it is argued in the memorial, simplifies such action and, it is said, unless Count von Brockdorff-Banzau succeeds in persuading the cabinet to his view, he and the entire delegation withdraw and he will resign from the cabinet as foreign minister.

A large number of the less important members of the delegation which accompanied the foreign minister to Versailles have returned to Berlin and are consulting with the experts who have been in consultation with Count Bernstorff's peace bureau during the last few months. They have organized into subcommittees and are making a thorough canvass of all the economic issues involved in the altered terms. A comprehensive report will then be submitted to the cabinet.

### U. S. TO ASK MEXICO TO PROTECT MORMONS

(ASSOCIATED PRESS TELEGRAM)  
El Paso, Texas, June 19.—The American state government is preparing to ask the Mexican government to send federal troops to the Mormon colonies in western Chihuahua to protect the church colonists in Colonia Dublan, Colonel Juarez and Colonia Garcia, it became known today when American Consul Dow asked Bishop Pierce for data as to the number of Mormons living in the colonies and the value of the property owned by them.

Orin D. Romney, a merchant of Colonia Dublan arrived here today from Mexico and reported everything quiet there. He said nothing had been seen or heard of Villa's rebels.

### ONLY ENGINEERS ARE LEFT IN ARCHANGEL

(ASSOCIATED PRESS TELEGRAM)  
Brest, June 20.—All the American soldiers now have left Archangel except the engineers who are cleaning up the American base there and will sail before June 30. The transports Memnon and Porto left Archangel June 15 and 16 and are expected at Brest June 23 and 24 respectively. The transports are carrying 81 officers and 232 men. Brigadier General W. P. Richardson, the commander of the American forces in northern Russia is aboard the Porto.

### HOUSE ASKS COX TO STOP PRIZE FIGHT

### SAYS KNOX MEASURE DICTATES TO CONFERENCE

(ASSOCIATED PRESS TELEGRAM)  
Washington, June 20.—Adoption of the Knox resolution regarding the league of nations and the peace treaty is intended as an uncalled for effort by the senate to dictate to the peace conference said Senator Thomas of Colorado yesterday in opposing the measure.

The Colorado senator declared the proposal that the senate declared itself now against accepting the league as entwined with the peace terms was improper and unwise.

Before Senator Thomas spoke, Senator Spencer, Republican, Missouri who had not previously indicated his views regarding the league of nations introduced a resolution in the senate that the senate declare that under any league plan adopted application of the Monroe Doctrine must be reserved entirely for national determination. The resolution went over without action.

### ALLEGES STRIKER SET FIRE TO W. U. SUPPLIES

(ASSOCIATED PRESS TELEGRAM)  
Washington, C. H., June 20.—Charging that he set fire to a car of supplies belonging to the Western Union Telegraph company, local police yesterday arrested Charles Tarle, said to be a striking telegraph operator formerly employed by the company at Cincinnati. Fire started in the car standing on a B. & O. siding here at 2 a.m. today.

### COTTON BROKERS THINK GERMANS WILL SIGN

(ASSOCIATED PRESS TELEGRAM)  
New York, June 20.—Expectation that Germany would sign the peace treaty was among the reasons attributed for a rise of \$6 a bale in cotton in the market here yesterday. Around noon cotton was selling at \$10 a bale above yesterday's lowest quotation.

### REQUIRES HEALTH AND STRENGTH

When was there ever a time when women were doing so much for mankind—and when was the health and strength of our women more vital to the very existence of our country. We can safely say Never. Their sacrifices, their industry, their courage, their patriotism is beautiful beyond words of description. But what of the poor one who wants to help but cannot because she is oppressed by some feminine disorder. To such we recommend with utmost confidence our successful old remedy and insert following a letter from one who proved its value.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. I first heard of Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound everywhere and give you my permission to publish this letter."—Miss F. K. Kiser, 476 South 14th Street, Newark, N. J.

The reason this famous root and herb remedy was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition.

### Remember This.

One advertisement will not do the work, neither will two advertisements. It takes continuous advertising to bring home the bacon. That is the reason our large institutions are larger. They were small businesses a few years ago, but through continuous advertising they have grown to large institutions. Think this over.

Above: Madrid, Spain, police leading away stunned Belahevki during fight. Police can be seen in background dispersing Reds. Below: Police have cornered a Red after chase.

Many police and Bolsheviks were wounded in the recent riots in Madrid, Spain, when the Reds tried to overthrow the Spanish government. The energetic work of the police soon ended the rioting, however.

### DON'T ASK FOR EPSOM SALTS

Take the kind that tastes like lemonade—Read!

Instead of asking for the common Epsom Salts, ask for Epsonade Salts hereafter. You will get a big package for only 15 cents. Epsonade Salts looks and acts exactly like Epsom Salts, because it is Epsom Salts combined with fruit derivatives thus making a sparkling, effervescent, lemonade-like drink for the liver and bowels.

Take a tablespoonful of this delicious salt in a glass of cold water when you feel bloated, sick, headache or constipated and notice the quick and splendid action of a dose of Epsom Salts with out the horrible taste.

Epsonade Salts will replace the old Epsom Salts, Rochelle Salts, Sodium Phosphate and Cathartic Pills in every home, say local druggists. (Adv.)

#### Readers' Viewpoint

No Sympathy for Germany. Editor Advocate—In these grave and soul testing times, it becomes us as Americans to watch with all diligence lest the Prussian menace gain from us by fraud what it could not do by force. It is my earnest conviction that anti-German propaganda is working overtime in our country, misleading many honest minds which, harking back to old grievances, forget the heroic devotion to a common cause which has made for a new era of international friendship and peace.

If we are to go back through the years to dig up every cause of complaint we ever had against other nations, we can never have "peace on earth, good will towards men." Playing upon racial hatreds and jealousies has been the policy of Germany for many years past, and it is this course which has made possible the recent terrible war; which will inevitably provoke more war if we are not wary of the traps set on every hand.

That the Germans have been our best, most sensible and loyal citizens I cannot grant. Some of them have made excellent citizens and real Americans and have served with honor and distinction in our armies. Very many have bit the hand that fed them; have helped to spread sedition and disloyalty through the press and the pulpit; have tried to undermine American institutions by sapping the very foundations of our American life—the public schools.

Does a loyal citizen seek to force the language of the country from whence he came on the little children of the land to which he has sworn allegiance? As the Germans have sought to compel the teaching of German in our element

tary schools? The revelations of the school books used in the schools of Chicago and other large cities are appalling, as is the fact that the "Watch on the Rhine" has been sung in many western schools, where the "Star-Spangled Banner" is unknown.

The most searching words of condemnation for the ex-kaiser and his terrible militarist system come from Germans in our country who realize what America means to them—men like Herman Hagedorn, who feel the shame the German war lords have brought on them, and far from defending the ex-kaiser as a martyr, execute him as a wretch.

The Carl Schurz, who was Lincoln's friend, made his countrymen when they came here to become wholly American, torturing all other allegiances. It is a far cry from this great figure to the Drabek, who leaves him still a citizen of Germany while falsely professing fealty to the United States. There can be no comparison.

Emerson Hough, in "A Fool's Paradise," tells us of his own experience in handling the voluminous evidences of disloyalty brought before him during the war. He warns us against those pseudo-patriots masking disloyal souls behind their purchase of Liberty bonds, their ancestors' service in the Civil war; their sons' services in this.

More than that, if a man has served his country well in this crisis, this fact does not excuse him for playing false in later ones. Look at Sherwood of the Civil war, and Vardaman of the Spanish, and their contemptible failure to measure up to their duty in the world-war.

Charged that England treated us unkindly during the Civil war, and misjudged the great sould Lincoln. So did many of his own country-men, but England and America alike reverence him today.

We have forgiven the south, which has shown such full measure of devotion in our recent crisis. Why not forgive England, especially since she did us a great and splendid service when this highly-lauded Germany was our foe?

I refer to the Spanish war. "Lest we forget," I remind you, Americans all, that Germany sought to entangle us in a general European war in 1898, but England said "hands off."

There is no use denying our pitifully unprepared state in the days of the Spanish war, and had we been involved as Germany sought to involve us, the end would have been defeat.

It is as illogical to hold against the England of today the mistakes of 50 years ago as it is to paint the wroldly brutal Germany we now know in the colors of the old Germany of music, kindness and love.

Veterans of the Civil war, do you see any likeness between the wretch now waiting in Holland his well-earned fate, and the great and gentle Lincoln? Did Lincoln ever start out on a career of world-conquest, blantly proclaiming that he would succeed where other world-conquerors had failed to force the world into permanent bondage?

Did not Germany preach the gospel of free government, while the Kaiser has never ceased to declare the pretentious and obsolete theory of the "divine right" of kings—a theory that placed the Hohenzollerns above the criminal law, immune from its penalties?

Soldiers of the world-war, who have seen the wrecked villages and ruined fields and factories of France, who have known at first hand the treachery of an enemy who calls "kamerad" and smiles at the man who spares him, the moral blackness that bomb hospitals full of helpless men, churches filled with kneeling worshippers, school buildings where innocent children are gathered together—speak! Are the peace terms too harsh?

Oh, thousands times no!

Blessed are the merciful for they shall obtain mercy, and the powers which have caused earth's holocaust know not the meaning of the word. Every plus in their behalf only heightens their arrogance.

Germans must learn a humility and reverence to which she is yet a stranger, must teach her children right conduct instead of that savage hate of other nations which has made the name "German" detested by decent men, must stop her insidious endeavours to invite ill-will among friendly peoples, or she can never hope to regain that high estate which she has lost through her own fault.

As for us, Americans of whatever descent cannot better show their loyalty than by crushing the Hitler propaganda instigated perhaps unconsciously which still seeks to destroy the moral union of the allies by dividing them into discordant groups along the line of old jealousies.

### SALOONIST REOPENS PLACE AFTER TRIAL

Cleveland, June 29.—Charles Lefkowitz, saloonist, who closed his place May 27, following his arrest on a charge of keeping an establishment where liquor is sold, reopened his saloon this morning on advice of his attorney, after police Judge Howells ruled Tuesday last that the state failed to prove that 2.47 per cent beer, which he was charged with selling, is intoxicating.

It is said that about 40 saloon keepers, with stocks of 2.47 percent beer remaining, have reopened as a result of the court action. Assistant Police Commissioner said it is doubtful if conviction can be obtained if conviction can be obtained if warrants are issued.

Trustees of the Ohio Brewers Association in session here yesterday adopted the resolution seeking to exempt beer and light wines from the prohibition amendment which becomes effective July 1, through submission to the voters at the November election.

One of the resolutions asks the repeal of the state prohibition amendment while the other urges that manufacture and sale of beer containing 2.75 percent alcohol be permitted by the federal government and by the state regardless of whether other prohibition restrictions remain. The brewers contend such beer is non-intoxicating.

WAR TRUSTS CONTROL, TRADE PROBE REVEALS

(Associated Press Correspondence)

London, June 29.—Business rings, combines and trusts perfected during the war are controlling Great Britain's industries, according to the findings of a government committee appointed by Sir Auckland Geddes, minister of reconstruction.

The report, which is to be made public soon, was submitted to Sir Auckland and is now under consideration by the government. The committee does not suggest what the government's attitude toward trusts should be, the only proposal made in the report for the calling attention that the board of trade should set up a tribunal for investigation and report to the president of that body.

How to deal with the trade combinations is one of the big problems of the near future, it is said in government circles. Almost every bid industry in the country with the exception of shipbuilding is said to be controlled by a combine or ring.

AMONG OTHER HONORARY DEGREES CONFERRED WERE: Master of Arts, Lieutenant Colonel Theodore Roosevelt; Lieutenant Colonel Charles W. Whittlesey of Pittfield, commander of the "Lost Battalion," and Major George G. McMurtry, who served under Colonel Whittlesey.

A total of 1224 degrees were awarded at the commencement exercises of which 250 were honorary causa for war service. Thirty-two of those thus honored gave their lives in war. Many members of the senior class are still in service and were not able to be present yesterday.

HARVARD HONORS HERO OF ARGONNE BATTLE

Cambridge, Mass., June 29.—Rear Admiral Wm. S. Sims, Major General Enoch H. Crowder, Henry P. Davison, chairman of the war council of the American Red Cross, and the late Robert Bacon, former secretary of state and ambassador to France, were awarded the honorary degree of doctor of laws by Harvard University yesterday.

Among other honorary degrees conferred were: Master of Arts, Lieutenant Colonel Theodore Roosevelt; Lieutenant Colonel Charles W. Whittlesey of Pittfield, commander of the "Lost Battalion," and Major George G. McMurtry, who served under Colonel Whittlesey.

A total of 1224 degrees were awarded at the commencement exercises of which 250 were honorary causa for war service. Thirty-two of those thus honored gave their lives in war. Many members of the senior class are still in service and were not able to be present yesterday.

## AMUSEMENTS

(Continued from Page 5.)  
the man with those "Come Hither Eyes," plays the part of a fascinating school teacher and is as funny as ever.

Charley Chaplin, in his latest First National feature, "Sunnyside," will have an early showing at The Auditorium. It is said to be better than "Dog's Life" or "Shoulder Arms."

Nazimova in "Toys of Fate," a Metro feature, breaking all records everywhere, has an early booking at The Auditorium. She is said to excel in this.

There still remains one more Harold Lockwood picture, "A Man of Honor," which will be shown at The Auditorium early in July. This is the last picture made by this artist before his most untimely death.

GEM Today.

"Mandarin's Gold" is the title of the striking new World Picture which, with Kitty Gordon as the star, will be shown today at the Gem theatre. It is a surprising, unusual story of a woman's need for money, of the lengths to which she goes to get it, and of the amazing things that occur to her as the result of her efforts. Supporting Miss Gordon in this picture is an exceptional cast. Popular Irving Cummings, who will be remembered for his great work in other World Pictures, appears as her leading man.

GRAND Today.

J. Warren Kerrigan will be seen for the last time this evening in his most and in my opinion his best picture entitled "A Hungry for One Night." A story of adventure in which the hero risks his reputation and character for the sake of the girl he loves. Billy West is also seen in one of his very best comedies entitled "The Slave." The above program pleased audiences that were very large yesterday considering the intense heat.

TOMORROW.

Billy Duncan, Johnson and Joe Ryan are at the Grand theatre tomorrow afternoon and evening in the thirteenth episode of "The Man of Might," in many respects the strongest serial that has ever been shown in this city as those who have seen the preceding episodes will attest. This number is new ideas and especially strong in daring and both breadth of scope. There will also be shown Larry Semon in his latest comedy "Seaside and Sandpit." Larry is a natural in this picture, and shows him as he always has—a boy of many parts with him. Then there will be also shown that clever lad, Harold Lloyd, Bobo Daniels and Harry Pot in another of their classic comedies "Young Mr. Smith." This triple feature will be shown to please you if you will look it over. The theatre is especially cool because there is a veritable mix of electric fans, and the ceiling is high and front and back doors are always open.

## So Big And Yet So Small!

Seen by itself, Swift & Company is one of the largest manufacturers and distributors of animal food products in the country.

Seen in relation to the total food business of the world, its size diminishes to small proportions.

We handle only about 22 per cent of the total output of the hundreds of packing plants under federal inspection, and only about 12 per cent of the total meat supply of the nation.

We handle only about 6 per cent of the total quantity of butter, eggs, and poultry sent to market in the United States.

Our tanneries handle less than 15 per cent of the hides made into leather in the United States.

Our soap factories make less than 10 per cent of the soap output of the nation.

This is done in keen and open competition with every concern handling these products, and at a profit of a fraction of a cent per pound.

In the meat packing industry there is no one dominant concern handling a large proportion of the output.

Following an extended wedding trip, Mr. and Mrs. Vermillion will be at home on a farm southeast of the city.

McFarland—Shurhart.

At the home of the officiating minister, Rev. Calvin G. Hazlett, Thursday evening, the marriage of Miss Estella Irene Fluhart of Fairfield avenue, this city, to Mr. Harold G. McFarland of Toboso, was solemnized. The ring ceremony of the Presbyterian church was used. The young couple were unattended and left immediately after the ceremony for a short wedding trip. They will be at home September 1 at Toboso where Mr. McFarland is in charge of a farm.

When Miss Mabel Jones entertained the members of the Friday Afternoon Society club this afternoon at her home in West Church street, announcement was made of her engagement to Mr. Warner Devore.

The house was prettily arranged with garden flowers and after the guests assembled, Miss Jones was found to be wearing her engagement ring. No date has been announced for the marriage, but it will be in the near future.

Miss Jones is the daughter of Mr. and Mrs. James E. Jones, West Church street, and Mr. Devore was formerly with the Newark Telephone company, but is now located in Philadelphia with the Automatic Electric company.

### Milady's Boudoir

Healthful Sleep. The girl who sometimes feels that the day will never come to an end is probably trying to work all day and at the same time keep up a busy social life in the evenings. The girl with an iron constitution can do this for a time, but eventually it will tell on her as much as it does on her weaker sister. Take a half day in bed now and then, and simply relax your brain, as well as your body and nerves. Do not take an exciting novel and read it, but let your brain, as well as your body, have a holiday.

It is not necessary to stay at home from the office on a pretended plea of illness, to take this required extra sleep. It can be done on an occasional Sunday morning, the holidays that are bound to come from time to time or on Saturday afternoon. Women need far more sleep than the average man. Many men can get along with four or five hours sleep, can arise and are perfectly refreshed. It is not so with the average woman.

She needs, at the very least, seven hours of good uninterrupted sleep, and if she is nervous or high strung, she needs at least ten. Just as soon as you begin to steal the hours that you should spend in sleep, you will age with twice the rapidity that you would be giving the allotted time to rest in your system. Sleep reduces fever, it relieves pain, it helps nutrition. It cures beauty and the loss of it can leave you a wreck—that nothing can cure.

Women, the world over, have a huge fat habit of leading inactive lives. They persuade themselves that they get plenty of exercise while doing house work, and when they go to bed at night they find they cannot sleep. Take a little exercise out of doors for this. Breathing deep and walking fast will aid one.

### SHE TURNED TO NERV-WORTH WHEN ALL ELSE FAILED

Miss L. Miller of Uniontown Found  
Her Faith Well Placed

This well and favorably known resident of the busy town at the western foot of the Alleghenies has the very best of reasons for praising this famous family tonic and she gave them to Uniontown's Nerv-Worth druggist a few days ago.

Wade H. Guyton—I have been in a very nervous condition for a long time. Felt tired and worn out after my day's duties. My appetite was very poor and stomach and digestion in miserable condition. Have been a great sufferer from rheumatism and neuralgia.

I purchased a bottle of Nerv-Worth and am now feeling in good condition. Appetite and digestion in fine shape. No more nervousness or tension. Am gaining in strength every day. Nerv-Worth certainly helped me up to the point of good health, when all other remedies failed. I will always keep it in the house.

MISS L. MILLER,  
242 E. Fayette St., Uniontown, Pa.  
T. J. Evans sells Nerv Worth in Newark. Your dollar back if this famous family tonic does not benefit you.

### LAKE DIVISION OFFICER VISITS LOCAL RED CROSS

L. C. Cole, field representative, Lake division, American Red Cross, visited the local chapter yesterday. His work was with the home service section particularly. Cole mentioned especially the new developments in the home service work.

Employment for men who have been in the service, insurance, bonus and travel pay, compensation, and training for disabled soldiers, business and legal advice, financial emergencies are among the things in which the Red Cross will assist soldiers, sailors and their families. The organization also will render service regarding allotments and allowances. The home service office of the Newark Red Cross is located at 607-608 Trust building.

### AMBITION PILLS FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out, all-in, dependent people in a few days in many instances. Anyone can buy a box for only 50 cents, and T. J. Evans is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unsanctified nerves relieved by over indulgence in alcohol. The easy solution of the nervous system. Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuritis they are simply splendid. Fifty cents at T. J. Evans' and dealers everywhere—Adv.

### FIND MINOR ERRORS IN REVISED TREATY

Paris, Thursday, June 19.—The definite provision for Germany's admission to the League of Nations which is made in the revised treaty is oddly enough, tucked away in a section dealing with the disarmament of Germany. This was discovered today by a comparison of text issued to the American press with the original version.

The language of the clause opens the possibility of an increase, as well as a decrease, of Germany's armaments after discussion by the council of the league, although those who drafted the provision probably contemplated only the second contingency.

The French text, by one of those occasional variants which slipped by the commission's drafting experts, reads conditionally "may be" instead of "is." It is admitted that there are other changes in the military clauses—notably in the provision for Germany's army, which is to be reduced to 100,000 men before April, 1929, and the extension of time for the dismantling of fortifications. These were adequately outlined in the official summary of the treaty.

### MAY NOT GET VOTE IN SENATE ON LEAGUE

Washington, June 20.—There were growing indications today that opponents of the League of Nations might abandon all efforts to force a vote on the subject in the senate before the German act on the peace treaty at Versailles, due Aug. 28.

Hopes of bringing a roll-call of the Knox resolution virtually had been abandoned and some leaders thought it might be permitted to die without even coming formally before the senate for action.

It was designed to give notice of opposition to accepting the league covenant along with the peace terms, and in the general opinion it will cease to serve its purpose after Germany has accepted the treaty.

Whether any other expedient would be adopted to show what sentiment to-day or tomorrow it was uncertain.

### AUSTRIA COMPLETING REPLY TO PROPOSALS

(ASSOCIATED PRESS TELEGRAM) St. Germain, Thursday, June 19.—The Austrian counter-proposals to the terms of peace are being completed by the transmission of notes daily to the council of four through the French mission.

Karol Rudolf Von Statin Pasha, a former high official in the Egyptian government, who resigned his post there when England declared war on Austria and who accompanied the Austrian delegation to France as an expert, left today for Vienna. He was accompanied by Herr Einstein, another member of the Austrian delegation.

### TWO WET AMENDMENTS VIOLATE CONSTITUTION

(ASSOCIATED PRESS TELEGRAM) Cleveland, June 20.—The two wet constitutional amendments that have been proposed by Ohio wets to legalize sales of beverages containing 2.34 per cent alcohol are in direct conflict with the federal constitution and the Volstead prohibition enforcement bill to be enacted by congress according to Wayne E. Wheeler, of Washington, general counsel for the national anti-saloon league.

Mr. Wheeler arrived here last night and conferred with trustees of the dry main-line anti-saloon leagues who are to meet today to consider plans for combating the two amendments.

There is but one legal method to repeal the prohibition amendment to the federal constitution," Mr. Wheeler declared, "and that is to have Congress resubmit the questions to the state legislatures."

### LICENSE BOARDS OUT COURT RULES

Opinion of Attorney General Is Upheld By Ohio Supreme Court In Decision.

Columbus, June 20.—Sustaining the opinion of Attorney General Price, the supreme court, in a unanimous decision yesterday, held that the state license boards, constituted by the county licensing boards, violated existence May 27, when the state prohibition amendment became effective.

The court ruled only on this point and did not touch on the status of regulatory or prohibitory laws now on the books, nor on the validity of the Dow Aikin law as a means to punish violators of the prohibition amendment.

These must be brought before the court in separate cases.

There is an inkling, however, that the old nuisance act, section 13,195, providing against the keeping of a place for sale of liquor in violation of law, may be unconstitutional.

On the other hand, the inference is that the Dow Aikin tax fails, first, for the reason that the licensing commission, which collects the tax, is wiped out, and second, because it is a license tax and is inconsistent with prohibition.

The case decided yesterday was a mandamus action by the commission to compel State Auditor Donahue to pay the salaries of commissioners and employees of the department, county boards, and to honor other vouchers of the commission.

A writ of mandamus was denied.

SALARIES therefore ceased May 27.

The commission contended it could remain on the job until July 1, when its appropriation expires, and said county boards lawfully could continue duties for 30 days after May 27.
